

Parent's TIP SHEET

Monitoring of symptoms begins at home.
Any child having symptoms should not be sent to school.

Students are expected to provide their own masks*.

*Mask = non-medical grade disposable face mask, cloth face coverings (over the nose and mouth), or full face shields to protect eyes, nose, and mouth.

Assistance will be available to those who need it.

Please limit bringing personal items to the campus.

Backpacks, water bottles, tumblers with a lid are allowed.

Students are encouraged to bring full water bottles from home to stay hydrated.

Because water dispensers have shared surfaces, these will be disabled/turned off.

Please clean your child's backpack and water bottle on a daily basis.
